DIRECTOR'S STATEMENT

For the financial year ended 31 March 2019

The director is pleased to present his statement to the member together with the audited financial statements of Mindteck Singapore Pte Ltd (the "Company") for the financial year ended 31 March 2019.

Opinion of the director

In the opinion of the director,

- (i) the financial statements of the Company are drawn up so as to give a true and fair view of the financial position of the Company as at 31 March 2019 and the financial performance, changes in equity and cash flows of the Company for the year ended on that date; and
- (ii) at the date of this statement there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

Director

The director of the Company in office at the date of this statement is Jacob Pilay.

Arrangements to enable director to acquire shares and debentures

Neither at the end of nor at any time during the financial year was the Company a party to any arrangement whose objects are, or one of whose objects is, to enable the directors of the Company to acquire benefits by means of the acquisition of shares or debentures of the Company or any other body corporate.

Director's interests in shares and debentures

According to the register of director's shareholdings kept by the Company under section 164 of the Singapore Companies Act, Chapter 50 (the Act), no director who held office at the end of the financial year had interests in the shares, share options, warrants or debentures of the Company and its related corporations, either at the beginning of the financial year, or date of appointment if later, or at the end of the financial year.

Share options

There were no share options granted during the financial year to subscribe for unissued shares of the Company.

There were no shares issued during the financial year by virtue of the exercise of options to take up unissued shares of the Company.

There were no unissued shares of the Company under option at the end of the financial year.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBER OF
MINDTECK SINGAPORE PTE LTD
FOR THE FINANCIAL YEAR ENDED 31 March 2019**

Co Reg No.: 199904845D

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Mindteck Singapore Pte Ltd** (the "Company"), which comprise the statement of financial position as at 31 March 2019, the statement of profit or loss and other comprehensive income, the statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the Act) and Financial Reporting Standards in Singapore (FRSs) so as to give a true and fair view of the financial position of the Company as at 31 March 2019 and of the financial performance, changes in equity and cash flows of the Company for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing (SSAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Accounting and Corporate Regulatory Authority (ACRA) Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities (ACRA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Management is responsible for other information. The other information comprises the directors' statement.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBER OF
MINDTECK SINGAPORE PTE LTD
FOR THE FINANCIAL YEAR ENDED 31 March 2019**
Co Reg No.: 199904845D

Responsibilities of Management and Director for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and FRSSs, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The director's responsibilities include overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBER OF
MINDTECK SINGAPORE PTE LTD
FOR THE FINANCIAL YEAR ENDED 31 March 2019**
Co Reg No.: 199904845D

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

MINDTECK SINGAPORE PTE LTD

Co Reg No.: 199904845D

(Incorporated in the Republic of Singapore)

NOTES TO THE FINANCIAL STATEMENTS*For the financial year ended 31 March 2019*

1. Corporate information

Mindteck Singapore Pte Ltd (“the Company”) is a limited liability company incorporated and domiciled in Singapore. The immediate and ultimate holding company is Mindteck (India) Limited, a company domiciled and incorporated in India.

The registered office and principal place of business is located at 7B Keppel Road #05-09, Tanjong Pagar Complex, Singapore 089055.

The principal activities of the Company are those of software development and consultancy services and the provision of contract information technology professionals. The principal activity of the subsidiary is disclosed in Note 11 to the financial statement. There have been no significant changes in the nature of these activities during the financial year.

These financial statements are separate financial statements of the Company. The Company is exempted from the preparation of consolidated financial statements as the Company is a wholly-owned subsidiary of Mindteck (India) Limited, a company incorporated in India, which prepares the consolidated financial statements and has its registered office at, 16/3, Cambridge Road, Ulsoor Bangalore 560 008, Karnataka, India. The consolidated financial statements are obtainable at the registered office.

2. Summary of significant accounting policies**2.1 Basis of preparation**

The financial statements of the Company have been prepared in accordance with Singapore Financial Reporting Standards (“FRS”).

The financial statements have been prepared on the historical cost basis except as disclosed in the accounting policies below.

The financial statements are presented in Singapore Dollars (“SGD” or “S\$”), which is the Company’s functional currency.

2.2 Changes in accounting policies

The accounting policies adopted are consistent with those of the previous financial year except in the current financial year, the Company has adopted all the new and revised standards which are relevant to the Company and are effective for annual financial periods beginning on or after 1 April 2018. The adoption of these standards did not have any material effect on the financial performance or position of the Company.

MINDTECK SINGAPORE PTE LTD

Co Reg No.: 199904845D

(Incorporated in the Republic of Singapore)

NOTES TO THE FINANCIAL STATEMENTS*For the financial year ended 31 March 2019*

2. Summary of significant accounting policies (continued)**2.3 Standards issued but not yet effective**

The Company has not adopted the following standards applicable to the Company that have been issued but not yet effective:

Description	Effective for annual periods beginning on or after
-------------	--

FRS 116 Leases

1 January 2019

Except for FRS 116, the director expect that the adoption of the other standards above will have no material impact on the financial statements in the period of initial application. The nature of the impending changes in accounting policy on adoption of FRS 116 are described below.

FRS 116 Leases

FRS 116 requires lessees to recognise most leases on balance sheets. The standard includes two recognition exemptions for lessees – leases of ‘low value’ assets and short-term leases. FRS 116 is effective for annual period beginning on or after 1 January 2019. At commencement date of a lease, a lessee will recognise a liability to make a lease payments (i.e. the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e. the right-of-use asset). Lessees will be required to separately recognise the interest expense on the lease liability and the depreciation expense on the right-of-use asset.

The Company plans to adopt FRS 116 retrospectively with the cumulative effect of initially applying the standard as an adjustment to the opening retained earnings at the date of initial application, 1 January 2019.

On the adoption of FRS 116, the Company expects to choose, on a lease-by-lease basis, to measure the right-of-use asset at either:

- i. its carrying amount as if FRS 116 had been applied since the commencement date, but discounted using the lessee’s incremental borrowing rate as of 1 January 2019; or
- ii. an amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognised in the statement of financial position immediately before 1 January 2019.

In addition, the Company plans to elect the following practical expedients :

- not to reassess whether a contract is, or contains a lease at the date of initial application and to apply FRS 116 to all contracts that were previously identified as leases
- to apply the exemption not to recognise right-of-use asset and lease liabilities to leases for which the lease term ends within 12 months as of 1 January 2019

MINDTECK SINGAPORE PTE LTD

Co Reg No.: 199904845D

(Incorporated in the Republic of Singapore)

NOTES TO THE FINANCIAL STATEMENTS*For the financial year ended 31 March 2019*

2. Summary of significant accounting policies (continued)**2.3 Standards issued but not yet effective (continued)****FRS 116 Leases (continued)**

- to apply a single discount rate to a portfolio of leases with reasonably similar characteristics

The Company has performed a preliminary impact assessment based on currently available information, and the assessment may be subject to changes arising from ongoing analysis until the Company adopts FRS 116 in 2019.

2.4 Foreign currency

The financial statements are presented in Singapore Dollars, which is also the Company's functional currency.

a) Transactions and balances

Transactions in foreign currencies are measured in the functional currency of the Company and are recorded on initial recognition in the functional currency at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured.

Exchange differences arising on the settlement of monetary items or on translating monetary items at the end of the reporting period are recognised in profit or loss.

2.5 Revenue

Revenue is measured based on the consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Revenue is recognised when the Company satisfies a performance obligation by transferring a promised good or service to the customer, which is when the customer obtains control of the good or service. A performance obligation may be satisfied at a point in time or over time. The amount of revenue recognised is the amount allocated to the satisfied performance obligation.

MINDTECK SINGAPORE PTE LTD

Co Reg No.: 199904845D

(Incorporated in the Republic of Singapore)

NOTES TO THE FINANCIAL STATEMENTS*For the financial year ended 31 March 2019*

2. Summary of significant accounting policies (continued)**2.5 Revenue (continued)**

The amount of revenue recognised is the amount allocated to the satisfied performance obligation.

a) Rendering of services

Revenue from services orders and term projects is recognised when the entity satisfies the performance obligation at a point in time generally when the significant acts have been completed and when transfer of control occurs or for services that are not significant transactions revenue is recognised as the services are provided.

2.6 Plant and equipment

All items of plant and equipment are initially recorded at cost. Subsequent to recognition, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses.

Depreciation is computed on a straight-line basis over the estimated useful lives of the assets as follows:

- Computer and software: 3 years
- Furniture and fixtures: 5 years
- Office equipment: 5 years
- Office renovation: 2 years

The carrying values of plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual value, useful life and depreciation method are reviewed at each financial year-end, and adjusted prospectively, if appropriate.

An item of plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on derecognition of the asset is included in profit or loss in the year the asset is derecognised.

2.7 Intangible assets

Intangible assets acquired separately are measured initially at cost. Following initial acquisition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses. Internally generated intangible assets, excluding capitalised development costs, are not capitalised and expenditure is reflected in profit or loss in the year in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite.

MINDTECK SINGAPORE PTE LTD

Co Reg No.: 199904845D

(Incorporated in the Republic of Singapore)

NOTES TO THE FINANCIAL STATEMENTS*For the financial year ended 31 March 2019*

2. Summary of significant accounting policies (continued)**2.7 Intangible assets (continued)**

Intangible assets with finite useful lives are amortised over the estimated useful lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method are reviewed at least at each financial year-end. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortisation period or method, as appropriate, and are treated as changes in accounting estimates.

Intangible assets with indefinite useful lives or not yet available for use are tested for impairment annually, or more frequently if the events and circumstances indicate that the carrying value may be impaired either individually or at the cash-generating unit level. Such intangible assets are not amortised. The useful life of an intangible asset with an indefinite useful life is reviewed annually to determine whether the useful life assessment continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in profit or loss when the asset is derecognised.

2.8 Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when an annual impairment testing for an asset is required, the Company makes an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs of disposal and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses are recognised in profit or loss, except for assets that are previously revalued where the revaluation was taken to other comprehensive income. In this case, the impairment is also recognised in other comprehensive income up to the amount of any previous revaluation.

MINDTECK SINGAPORE PTE LTD

Co Reg No.: 199904845D

(Incorporated in the Republic of Singapore)

NOTES TO THE FINANCIAL STATEMENTS*For the financial year ended 31 March 2019*

2. Summary of significant accounting policies (continued)**2.8 Impairment of non-financial assets (continued)**

A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised previously. Such reversal is recognised in profit or loss unless the asset is measured at revalued amount, in which case the reversal is treated as a revaluation increase. Impairment losses relating to goodwill cannot be reversed in future period.

2.9 Investment in subsidiaries

A subsidiary is an investee that is controlled by the Group. The Group controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

In the Company's separate financial statements, investments in subsidiaries is accounted for at cost less impairment losses.

2.10 Financial instruments**a) Financial assets****Initial recognition and measurement**

Financial assets are recognised when, and only when, the Company becomes a party to the contractual provisions of the financial instrument.

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Trade receivables are measured at the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third party, if the trade receivables do not contain a significant financing component at initial recognition.

Subsequent measurement**Investment in debt instruments**

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the contractual cash flow characteristics of the asset. The three measurement categories for classification of debts instruments are:

MINDTECK SINGAPORE PTE LTD

Co Reg No.: 199904845D

(Incorporated in the Republic of Singapore)

NOTES TO THE FINANCIAL STATEMENTS*For the financial year ended 31 March 2019*

2. Summary of significant accounting policies (continued)**2.10 Financial instruments (continued)****a) Financial assets (continued)***i) Amortised cost*

Financial assets that are held for the collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Financial assets are measured at amortised cost using the effective interest method, less impairment. Gains and losses are recognised in profit or loss when the assets are derecognised or impaired, and through amortisation process.

ii) Fair value through other comprehensive income (FVOCI)

Financial assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Financial assets measured at FVOCI are subsequently measured at fair value. Any gains or losses from changes in fair value of the financial assets are recognised in other comprehensive income, except for impairment losses, foreign exchange gains and losses and interest calculated using the effective interest method are recognised in profit or loss. The cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment when the financial asset is de-recognised.

iii) Fair value through profit or loss

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt instruments that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss in the period in which it arises.

Investments in equity instruments

On initial recognition of an investment in equity instrument that is not held for trading, the Company may irrevocably elect to present subsequent changes in fair value in OCI. Dividends from such investments are to be recognised in profit or loss when the Company's right to receive payments is established. For investments in equity instruments which the Company has not elected to present subsequent changes in fair value in OCI, changes in fair value are recognised in profit or loss.

MINDTECK SINGAPORE PTE LTD

Co Reg No.: 199904845D

(Incorporated in the Republic of Singapore)

NOTES TO THE FINANCIAL STATEMENTS*For the financial year ended 31 March 2019*

2. Summary of significant accounting policies (continued)**2.10 Financial instruments (continued)****a) Financial assets (continued)**Derivatives

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently remeasured to their fair value at the end of each reporting period. Changes in fair value of derivatives are recognised in profit or loss.

De-recognition

A financial asset is derecognised where the contractual right to receive cash flows from the asset has expired. On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income for debt instruments is recognised in profit or loss.

b) Financial liabilitiesInitial recognition and measurement

Financial liabilities are recognised when, and only when, the Company becomes a party to the contractual provisions of the financial instrument. The Company determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognised initially at fair value plus in the case of financial liabilities not at fair value through profit or loss, directly attributable transaction costs.

Subsequent measurement

After initial recognition, financial liabilities that are not carried at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process.

De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. On derecognition, the difference between the carrying amounts and the consideration paid is recognised in profit or loss.

MINDTECK SINGAPORE PTE LTD

Co Reg No.: 199904845D

(Incorporated in the Republic of Singapore)

NOTES TO THE FINANCIAL STATEMENTS*For the financial year ended 31 March 2019*

2. Summary of significant accounting policies (continued)**2.11 Impairment of financial assets**

The Company recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss and financial guarantee contracts. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is recognised for credit losses expected over the remaining life of the exposure, irrespective of timing of the default (a lifetime ECL).

For trade receivables and contract assets, the Company applies a simplified approach in calculating ECLs. Therefore, the Company does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For debt instruments at fair value through OCI, the Company applies the low credit risk simplification. At every reporting date, the Company evaluates whether the debt instrument is considered to have low credit risk using all reasonable and supportable information that is available without undue cost or effort. In making that evaluation, the Company reassesses the internal credit rating of the debt instrument. In addition, the Company considers that there has been a significant increase in credit risk when the contractual payments are more than 30 days past due.

The Company considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Company. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

2.12 Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand and demand deposits which are subject to an insignificant risk of changes in value. These also include bank overdrafts that form an integral part of the Company's cash management.

MINDTECK SINGAPORE PTE LTD

Co Reg No.: 199904845D

(Incorporated in the Republic of Singapore)

NOTES TO THE FINANCIAL STATEMENTS*For the financial year ended 31 March 2019*

2. Summary of significant accounting policies (continued)**2.13 Provisions**

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount of the obligation can be estimated reliably.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

2.14 Consultancy contracts

The Company principally operates fixed price contracts. Contract revenue and contract costs are recognised as revenue and expenses respectively by reference to the stage of completion of the contract activity at the end of the reporting period (the percentage of completion method), when the outcome of a consultancy contract can be estimated reliably.

When the outcome of a consultancy contract cannot be estimated reliably (principally during early stages of a contract), contract revenue is recognised only to the extent of contract costs incurred that are likely to be recoverable and contract costs are recognised as expense in the period in which they are incurred.

An expected loss on the consultancy contract is recognised as an expense immediately when it is probable that total contract costs will exceed total contract revenue.

In applying the percentage of completion method, revenue recognised corresponds to the total contract revenue multiplied by the actual completion rate based on the proportion of total contract costs incurred to date and the estimated costs to complete.

2.15 Government grants

Government grants are recognised when there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. Government grant shall be recognised in profit or loss on a systematic basis over the periods in which the entity recognises as expenses the related costs for which the grants are intended to compensate. Grants related to income may be presented as a credit in profit or loss, either separately or under a general heading such as "Other income". Alternatively, they are deducted in reporting the related expenses.

MINDTECK SINGAPORE PTE LTD

Co Reg No.: 199904845D

(Incorporated in the Republic of Singapore)

NOTES TO THE FINANCIAL STATEMENTS*For the financial year ended 31 March 2019*

2. Summary of significant accounting policies (continued)**2.16 Leases**

Finance leases which transfer to the Company substantially all the risks and rewards incidental to ownership of the leased item, are capitalised at the inception of the lease at the fair value of the leased asset or, if lower, at the present value of the minimum lease payments. Any initial direct costs are also added to the amount capitalised. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged to profit or loss. Contingent rents, if any, are charged as expenses in the periods in which they are incurred.

Capitalised leased assets are depreciated over the shorter of the estimated useful life of the asset and the lease term, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term.

Operating lease payments are recognised as an expense in profit or loss on a straight-line basis over the lease term. The aggregate benefit of incentives provided by the lessor is recognised as a reduction of rental expense over the lease term on a straight-line basis.

2.17 Employees benefits**a) Defined contribution plans**

The Company participates in the national pension schemes as defined by the laws of the countries in which it has operations. In particular, the Company make contributions to the Central Provident Fund scheme in Singapore, a defined contribution pension scheme. Contributions to defined contribution pension schemes are recognised as an expense in the period in which the related service is performed.

b) Employee leave entitlement

Employee entitlements to annual leave are recognised as a liability when they are accrued to the employees. The undiscounted liability for leave expected to be settled wholly before twelve months after the end of the reporting period is recognised for services rendered by employees up to the end of the reporting period. The liability for leave expected to be settled beyond twelve months from the end of the reporting period is determined using the projected unit credit method. The net total of service costs, net interest on the liability and remeasurement of the liability are recognised in profit or loss.

MINDTECK SINGAPORE PTE LTD

Co Reg No.: 199904845D

(Incorporated in the Republic of Singapore)

NOTES TO THE FINANCIAL STATEMENTS*For the financial year ended 31 March 2019*

2. Summary of significant accounting policies (continued)**2.18 Taxes****a) Current income tax**

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the end of the reporting period, in the countries where the Company operates and generates taxable income.

Current income taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

b) Deferred tax

Deferred tax is provided using the liability method on temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all temporary differences, except:

- Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised except:

- Where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and

MINDTECK SINGAPORE PTE LTD

Co Reg No.: 199904845D

(Incorporated in the Republic of Singapore)

NOTES TO THE FINANCIAL STATEMENTS*For the financial year ended 31 March 2019*

2. Summary of significant accounting policies (continued)**2.18 Taxes (continued)****b) Deferred tax (continued)**

- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the end of each reporting period.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity and deferred tax arising from a business combination is adjusted against goodwill on acquisition.

2.19 Share capital

Proceeds from issuance of ordinary shares are recognised as share capital in equity. Incremental costs directly attributable to the issuance of ordinary shares are deducted against share capital.

2.20 Contingencies

A contingent liability is:

- a) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or
- b) a present obligation that arises from past events but is not recognised because:
 - (i) It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
 - (ii) The amount of the obligation cannot be measured with sufficient reliability.

MINDTECK SINGAPORE PTE LTD

Co Reg No.: 199904845D

(Incorporated in the Republic of Singapore)

NOTES TO THE FINANCIAL STATEMENTS*For the financial year ended 31 March 2019*

2. Summary of significant accounting policies (continued)**2.20 Contingencies (continued)**

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Contingent liabilities and assets are not recognised on the balance sheet of the Company, except for contingent liabilities assumed in a business combination that are present obligations and which the fair values can be reliably determined.

3. Significant accounting judgements and estimates

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the end of each reporting period. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in the future periods.

3.1 Judgments made in applying accounting policies

In the process of applying the Company's accounting policies, management has made the following judgements which have the most significant effect on the amounts recognised in the financial statements.

a) Income tax

The Company has exposure to income taxes. Significant judgement is involved in determining the provision for income taxes. There are certain transactions and computations for which the ultimate tax determination is uncertain during the ordinary course of business. The Company recognises liabilities for expected tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recognised, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

MINDTECK SINGAPORE PTE LTD

Co Reg No.: 199904845D

(Incorporated in the Republic of Singapore)

NOTES TO THE FINANCIAL STATEMENTS*For the financial year ended 31 March 2019*

3. Significant accounting judgements and estimates (continued)**3.2 Key sources of estimation uncertainty**

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period are discussed below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

a) Impairment of non-financial assets

The Company assesses at each balance sheet date whether there are any indicators of impairment for all non financial assets.

Determining whether the carrying values of goodwill, plant and equipment and investment in subsidiary company are impaired requires an estimation of the value-in-use of the asset or the cash generating units ("CGU"). This requires the Company to estimate the future cash flows expected from the asset or the CGU and an appropriate discount rate in order to calculate the present value of the future cash flows.

The carrying amounts of goodwill, plant and equipment and investment in subsidiary company at the balance sheet date are disclosed in Notes 9, 10 and 11 respectively.

b) Impairment of loans and receivables

The Company uses a provision matrix to calculate ECLs for trade receivables. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns.

The provision matrix is initially based on the Company's historical observed default rates. The Company will calibrate the matrix to adjust historical credit loss experience with forward-looking information. At every reporting date, historical default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Company's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future. The information about the ECLs on the Company's trade receivables is disclosed in Note 12.

The carrying amount of trade receivables as at 31 March 2019 is disclosed in Note 12.

At the statement of financial position date, the Company had unutilised tax losses amounting to approximately S\$67,382 (2018: S\$Nil) available to offset against future taxable income subject to the approval of the Singapore tax authorities.

Deferred tax asset amounting to S\$11,455 (2018: S\$Nil) in relation to unutilised tax losses have not been recognised as management is not certain of its realisation in future years.

MINDTECK SINGAPORE PTE LTD

Co Reg No.: 199904845D

(Incorporated in the Republic of Singapore)

NOTES TO THE FINANCIAL STATEMENTS*For the financial year ended 31 March 2019***9. Goodwill**

	2019	2018
	S\$	S\$
At 1 April	534,583	534,583
Additions	-	-
At 31 March	534,583	534,583

Goodwill acquired through a business combination is allocated, at acquisition, to the cash generating units ("CGU") that are expected to benefit from the business combination.

Goodwill is not amortised but is reviewed for impairment annually.

The carrying amount of a CGU is established by allocating assets and liabilities to the identified CGU as below:

	2019	2018
	S\$	S\$
Goodwill	534,583	534,583
Net assets and liabilities attributable to the CGU	1,170,494	1,178,171
Carrying amount of CGU	1,705,077	1,712,754

The recoverable amount of the CGU have been determined based on value in use calculations using cash flow projections from financial budgets approved by management covering a five-year period. As the recoverable amount is more than its carrying value, no impairment of the goodwill is recognised.

Key assumptions used in the value in use calculations

Budgeted gross margins – Gross margins are based on average values achieved in the five years preceding the start of the budget period, consistent over the budgeted period.

Growth rates – The forecasted 3.00% per annum terminal growth rates are within the range of Singapore's forecasted GDP growth (nominal) range from 2.91% to 4.44% per year as well as the industry growth range from 10.7% to 16.3% per year.

Discount rates – Discount rates of 13.41% represent the current market assessment of the risks specific to each CGU, regarding the time value of money and individual risks of the underlying assets which have not been incorporated in the cash flow estimates. The discount rate calculation is based on the specific circumstances of the Company and its operating segments and derived from its weighted average cost of capital (WACC). The WACC takes into account both debt and equity.

The cost of equity is derived from the Modified Capital Assets Pricing Model ("CAPM") to estimate the cost of equity.

NOTES TO THE FINANCIAL STATEMENTS*For the financial year ended 31 March 2019***20. Capital management**

The primary objective of the Company's capital management is to ensure that the company will be able to continue as a going concern. The capital structure of the Company comprises share capital, retained earnings and advances from related parties.

The Company does not actively manage its capital structure but will make adjustments to it as and when necessary. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders, issue new shares or other financial instruments, request advances from shareholders and directors or repay such advances.

The Company's objectives, policies or processes in managing its capital remain unchanged from the previous financial year. The Company is not subject to any externally imposed capital requirement. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, other payables, accruals and amount due to related parties, less cash and cash equivalents. Capital refers to equity attributable to the owners of the Company.

	2019	2018
	S\$	S\$
Other payables and accruals (Note 14)	507,437	605,796

NOTES TO THE FINANCIAL STATEMENTS*For the financial year ended 31 March 2019*

21. Financial risk management objectives and policies

The Company is exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks include credit risk, liquidity risk and foreign currency risk. The board of directors reviews and agrees policies and procedures for the management of these risks.

The following sections provide details regarding the Company's exposure to the above-mentioned financial risks and the objectives, policies and processes for the management of these risks.

a. Credit risk

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. The Company's exposure to credit risk arises primarily from trade and other receivables. For other financial assets (including investment securities, cash and short-term deposits and derivatives), the Company minimise credit risk by dealing exclusively with high credit rating counterparties.

The Company's objective is to seek continual revenue growth while minimising losses incurred due to increased credit risk exposure. The Company trades only with recognized and creditworthy third parties. It is the Company's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances are monitored on an ongoing basis with the result that the Company's exposure to bad debts is not significant.

b. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of stand-by credit facilities.

The table below summarises the maturity profile of the Company's financial assets used for managing liquidity risk and financial liabilities at the end of the reporting period based on contractual undiscounted repayment obligations.
