(Incorporated in Malaysia)

DIRECTORS' REPORT

The directors have pleasure in submitting their report and the audited financial statements of the Company for the financial year ended 31 March 2020.

PRINCIPAL ACTIVITIES

The Company is principally engaged in software development and information technology outsourcing.

RESULTS

	RM
Profit for the year after taxation, representing total comprehensive income	<u>431,133</u>

DIVIDENDS

No dividends have been paid or declared since the end of the previous financial year. The directors do not recommend any dividend payment in respect of the current financial year.

DIRECTORS

The directors in office during the financial year and during the period from the end of the financial year to the date of the report are:-

Jacob Pillay
Huang Miew Woon
Taibah Binti Abdul Rahman @ Ling Kiong

DIRECTORS' INTERESTS

According to the Register of Directors' Shareholdings required to be kept under Section 59 of the Companies Act 2016, none of the Directors who held office at the end of the financial year held any shares or debentures in the Company or its holding company during the financial year.

MINDTECK SOFTWARE MALAYSIA SDN. BHD.
(Incorporated in Malaysia)

DIRECTORS' REPORT

DIRECTORS' BENEFITS

Since the end of the previous financial year, no director of the Company has received or become entitled to receive any benefit by reason of a contract made by the Company or by a related corporation with the director, or with a firm of which the director is a member, or with a company in which the director has a substantial financial interest.

Neither during nor at the end of the financial year, was the Company a party to any arrangement whose object is to enable the directors to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate.

DIRECTORS' REMUNERATION

	RM
Professional fees paid to a company which certain Directors have interests	<u>12,708</u>

INDEMNITY AND INSURANCE FOR DIRECTORS AND OFFICERS

There were no indemnity given to or insurance effected for any directors, officers and auditors of the Company in accordance with Section 289 of the Companies Act 2016.

RESERVES AND PROVISIONS

There were no material transfers to or from reserves or provisions during the current financial year other than those disclosed in the financial statements.

ISSUE OF SHARES

The Company did not issue any new shares during the financial year.

SHARE OPTIONS

No options have been granted by the Company to any parties during the financial year to take up unissued shares of the Company.

No shares have been issued during the financial year by virtue of the exercise of any option to take up unissued shares of the Company. As at the end of the financial year, there were no unissued shares of the Company under options.

MINDTECK SOFTWARE MALAYSIA SDN. BHD.
(Incorporated in Malaysia)

DIRECTORS' REPORT

OTHER STATUTORY INFORMATION

Before the financial statements of the Company were prepared, the directors took reasonable steps:

- (a) to ascertain that action had been taken in relation to the writing off of bad debts and the making of allowance for doubtful debts, and are all known bad debts had been written off and adequate allowance had been made for doubtful debts; and
- (b) to ensure that any current assets which were unlikely to be realised in the ordinary course of business including the values of current assets as shown in the accounting records of the Company had been written down to an amount which the current assets might be expected so to realise.

At the date of this report, the directors of the Company are not aware of any circumstances:

- (a) which would render the amount of bad debts or the amount of allowance for doubtful debts in the Company, inadequate to any substantial extent; or
- (b) which would render the values attributed to the current assets in the financial statements of the Company misleading; or
- (c) which have arisen which would render adherence to the existing methods of valuation of assets or liabilities of the Company misleading or inappropriate.

At the date of this report, there does not exist:

- (a) any charge on the assets of the Company that has arisen since the end of the financial year which secures the liabilities of any other person; or
- (b) any contingent liability in respect of the Company that has arisen since the end of the financial year.

No contingent or other liability of the Company has become enforceable, or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the directors, will or may substantially affect the ability of the Company to meet its obligations as and when they fall due.

At the date of this report, the directors are not aware of any circumstances, not otherwise dealt with in this report or the financial statements of the Company which would render any amount stated in the financial statements of the Company misleading.

Company No: 200501036816 (718964-U)

MINDTECK SOFTWARE MALAYSIA SDN. BHD.
(Incorporated in Malaysia)

DIRECTORS' REPORT

OTHER STATUTORY INFORMATION – CONT'D

In the opinion of the directors:-

- (i) the result of the Company's operations during the financial year was not substantially affected by any item, transaction or event of a material and unusual nature; and
- (ii) there has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature which is likely to affect substantially the results of the operations of the Company for the financial year in which this report is made.

HOLDING COMPANY

The Directors regard Mindteck (India) Limited, a company incorporated and domiciled in India, as its holding company.

AUDITORS

The auditors, Mustapha, Khoo & Co., have indicated their willingness to continue in office.

AUDITORS' REMUNERATION

Auditors' remuneration	RM
	<u>8,800</u>

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF
MINDTECK SOFTWARE MALAYSIA SDN. BHD.
(Incorporated in Malaysia)

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of MINDTECK SOFTWARE MALAYSIA SDN. BHD., which comprise the statement of financial position as at 31 March 2020, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the financial year then ended, and a summary of significant accounting policies, as set out on pages 11 to 43.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Company as at 31 March 2020, and of its financial performance and its cash flows for the year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Company in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

The Association of
Public Accountants & Auditors

Company No: 200501036816 (718964-U)

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF
MINDTECK SOFTWARE MALAYSIA SDN. BHD.
(Incorporated in Malaysia)**

Information Other than the Financial Statements and Auditors' Report Thereon

The directors of the Company are responsible for the other information. The other information comprises the information included in the directors' report but does not include the financial statements of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Company does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Company, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Statements

The directors of the Company are responsible for the preparation of financial statements of the Company that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia. The directors are also responsible for such internal control as the directors determine is necessary to enable the preparation of financial statements of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Company, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF
MINDTECK SOFTWARE MALAYSIA SDN. BHD.
(Incorporated in Malaysia)**

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

New IC Interpretation

IC Int 23 Uncertainty Over Income Tax Treatments

Arising from the adoption of MFRS 16, *Leases*, there are changes to the accounting policies applied to lease contracts entered into by the Company as compared to those applied in previous financial statements.

There are impacts arising from the adoption of MFRS 16 on the financial statements of the Company as disclosed in Note 4(e), Note 6 and Note 9 to financial statements.

(ii) New MFRSs, Amendments to MFRSs and New IC Interpretation that are issued, but not yet effective and have not been early adopted.

The Company have not adopted the following new MFRSs, Amendments to MFRSs and New IC Interpretation that have been issued as at the date of authorisation of these financial statements but are not yet effective for the Company:-

**Effective for

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2020

4. SIGNIFICANT ACCOUNTING POLICIES – CONT'D

(b) Plant and equipment and depreciation

Plant and equipment are initially stated at cost. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance costs are charged to profit or loss during the financial year in which they are incurred. Costs include expenditure that is directly attributable to the acquisition of the plant and equipment.

Subsequent to recognition, plant and equipment are stated at cost less accumulated depreciation and any accumulated impairment losses. The policy for the recognition and measurement of impairment losses is in accordance with Note 4(c).

Depreciation is provided on the straight-line basis calculated so as to write off the cost of each plant and equipment over the expected useful life of the plant and equipment concerned.

The estimated useful lives are as follows:-

Office equipment	5 years
Furniture and fittings	5 years
Computers	2 years

The residual values, useful lives and depreciation method of plant and equipment are reviewed, and adjusted if appropriate, at each reporting date to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of plant and equipment.

An item of plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. The difference between the net disposal proceeds, if any and the net carrying amount is recognised in the profit or loss.

(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2020

4. SIGNIFICANT ACCOUNTING POLICIES – CONT'D

(c) Impairment of assets

The Company applies the simplified approach to measure expected credit losses (“ECL”). This entails recognizing a lifetime expected loss allowance for all trade receivables. Loss rate are determined based on grouping of receivables sharing the same credit risk characteristics and past due days.

Management assesses the ECL for portfolios of trade receivables based on customer segments, historical information on payment patterns, terms of payment, concentration maturity, and information about the general economic situation in the countries.

No significant changes to estimation techniques or assumptions were made during the reporting period.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk, the Company compare the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportable forward-looking information.

A significant increase in credit risk is presumed if a debtor is more than 90 days past due in making a contractual payment.

For other receivables and intercompany balances, the Company applies 3-stage approach to measure expected credit losses which reflect their credit risk and how the loss allowance is determined. The Company assessed the intercompany receivables as performing category with a low risk of default and a strong capacity to meet contractual cash flows. The basis of measuring ECL is based on 12 month ECL.

(d) Cash and cash equivalents

Cash and cash equivalents are cash in hand, bank balances, demand deposits, deposits pledged with financial institutions, bank overdrafts and short-term, highly liquid investments that are readily convertible to know amounts of cash and which are subject to an insignificant risk of changes in value.

(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2020

4. SIGNIFICANT ACCOUNTING POLICIES – CONT'D

(e) Leases

(i) Definition of lease

A contract is, or contains, a lease if the contract conveys a right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:-

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly, and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
- the customer has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the customer has the right to direct the use of the asset. The customer has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what purpose the asset is used is predetermined, the customer has the right to direct the use of the asset if either the customer has the right to operate the asset; or the customer designed the asset in a way that predetermines how and for what purpose it will be used.

At inception or on reassessment of a contract that contains a lease component, the Company allocate the consideration in the contract to each lease and non-lease component on the basis of their relative stand-alone prices. However, for leases of properties in which the Company is a lessee, it has elected not to separate non-lease components and will instead account for the lease and non-lease components as a single lease component.

MINDTECK SOFTWARE MALAYSIA SDN. BHD.
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2020

4. SIGNIFICANT ACCOUNTING POLICIES – CONT'D

(e) Leases – Cont'd

(ii) Recognition and initial measurement

(a) As a lessee

The Company recognise a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the respective Company incremental borrowing rate. Generally, the Company use their incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:-

- fixed payments, including in-substance fixed payments less any incentives receivable;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee;
- the exercise price under a purchase option that the Company is reasonably certain to exercise; and
- penalties for early termination of a lease unless the Company is reasonably certain not to terminate early.

The Company exclude variable lease payments that linked to future performance or usage of the underlying asset from the lease liability. Instead, these payments are recognised in profit or loss in the period in which the performance or use occurs.

MINDTECK SOFTWARE MALAYSIA SDN. BHD.
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2020

4. SIGNIFICANT ACCOUNTING POLICIES – CONT'D

(e) Leases – Cont'd

(ii) Recognition and initial measurement – Cont'd

(a) As a lessee – Cont'd

The Company have elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognise the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

(b) As a lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

To classify each lease, the Company makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease.

If an arrangement contains lease and non-lease components, the Company apply MFRS 15 to allocate the consideration in the contract based on the stand-alone selling prices.

The Company recognise assets held under a finance lease in its statement of financial position and presents them as a receivable at an amount equal to the net investment in the lease. The Company use the interest rate implicit in the lease to measure the net investment in the lease.

When the Company are an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. It assesses the lease classification of a sublease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short-term lease to which the Company apply the exemption described above, then it classifies the sublease as an operating lease.

MINDTECK SOFTWARE MALAYSIA SDN. BHD.
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2020

4. SIGNIFICANT ACCOUNTING POLICIES – CONT'D

(e) Leases – Cont'd

(iii) Subsequent measurement

(a) As a lessee

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a revision of in-substance fixed lease payments, or if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

(b) As a lessor

The Company recognise lease payments received under operating leases as income on a straight-line basis over the lease term as part of "revenue".

The Company recognise finance income over the lease term, based on a pattern reflecting a constant periodic rate of return on the Company's net investment in the lease. The Company aim to allocate finance income over the lease term on a systematic and rational basis. The Company apply the lease payments relating to the period against the gross investment in the lease to reduce both the principal and the unearned finance income. The net investment in the lease is subject to impairment requirements in MFRS 9, Financial Instruments.

MINDTECK SOFTWARE MALAYSIA SDN. BHD.
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2020

4. SIGNIFICANT ACCOUNTING POLICIES – CONT'D

(f) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Ordinary shares are classified as equity instruments.

Ordinary shares are recorded at the proceeds received, net of directly attributable incremental transaction costs.

Dividends to shareholders are recognised in equity in the period in which they are declared.

(g) Income tax

Income tax for the financial year comprises current and deferred tax. Current tax is the expected amount of income taxes payable in respect of the taxable profit for the financial year and is measured using the tax rates that have been enacted or substantially enacted at the reporting date.

Deferred tax is recognised in full, using the statements of financial position liability method, on temporary differences arising at the reporting date between the tax bases of assets and liabilities and their carrying amounts in the financial statements. In principle, deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised. However, deferred tax is not accounted for if the temporary difference arises from goodwill or from the initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction, affects neither accounting nor taxable profit or loss.

Deferred tax is determined using the tax rates that are expected to apply in the financial year when the asset is realised or the liability is settled, based on the tax rates that have been enacted or substantively enacted at the reporting date. Deferred tax is recognised in the statements of comprehensive income, except when it arises from a transaction which is recognised directly in equity, in which case the deferred tax is also recognised directly in equity, or when it arises from a business combination that is an acquisition, in which case the deferred tax is included in the resulting goodwill.

MINDTECK SOFTWARE MALAYSIA SDN. BHD.
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2020

4. SIGNIFICANT ACCOUNTING POLICIES – CONT'D

(h) Revenue recognition

Revenue from contracts with customers is recognised by reference to each distinct performance obligation in the contract with customer. Revenue from contracts with customers is measured at its transaction price, being the amount of consideration which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, net of taxes, return, rebates and discounts. Transaction price is allocated to each performance obligation on the basis of the relative standalone selling prices of each distinct good or services promised in the contract. Depending on the substance of the contract, revenue is recognised when the performance obligation is satisfied, which may be at a point in time or over time.

The Company recognises revenue when or as it transfers control over a product or service to customer. An asset is transferred when (or as) the customer obtains control of the asset.

An entity transfers control of a good or service overtime and, therefore, satisfies a performance obligation and recognises revenue over time. If a performance obligation is not satisfied over time, an entity satisfies the performance obligation and recognises revenue at a point in time.

(i) Foreign currencies

(i) Functional and presentation currency

The financial statements are presented in Ringgit Malaysia (RM), which is also the Company's functional currency.

(ii) Foreign currency transactions

In preparing the financial statements of the Company, transactions in currencies other than the Company's functional currency (foreign currencies) are recorded in the functional currencies using the exchange rates prevailing at the dates of the transactions. At each reporting date, monetary items denominated in foreign currencies are translated at the rates prevailing on the reporting date. Non-monetary items carried at fair value that are denominated in foreign currencies are translated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not translated.

MINDTECK SOFTWARE MALAYSIA SDN. BHD.
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2020

4. SIGNIFICANT ACCOUNTING POLICIES – CONT'D

(i) Foreign currencies – Cont'd

(ii) Foreign currency transactions – Cont'd

Exchange differences arising on the settlement of monetary items, and on the translation of monetary items, are included in profit or loss for the financial year. Exchange differences arising on the translation of non-monetary items carried at fair value are included in the profit or loss for the financial year except for the differences arising on the translation of non-monetary items in respect of which gains and losses are recognised directly in equity. Exchange differences arising from such non-monetary items are also recognised directly in equity.

The principal closing rate used in the translation of foreign currency amounts was as follows:

	2020	2019
	RM	RM
1 US dollar	4.299	4.083
1 Singapore dollar	3.020	3.013

(j) Employee benefits

(i) Short term employees benefits

Wages, salaries, paid annual leave and sick leave, bonuses and non-monetary benefits are measured on an undiscounted basis and are recognized in profit or loss in the period in which the associated services are rendered by employee of the Company.

(ii) Defined contribution plans

As required by law, companies in Malaysia make contributions to the Employees Provident Fund ("EPF"). Such contributions are recognised as an expense in the statements of comprehensive income as incurred.

(k) Cash flow statement

The Company adopts the indirect method in the preparation of cash flow statement.

MINDTECK SOFTWARE MALAYSIA SDN. BHD.
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2020

4. SIGNIFICANT ACCOUNTING POLICIES – CONT'D

(l) Financial instruments

(i) Financial assets

(a) Recognition and measurement of financial assets

The Company recognizes a financial asset when it becomes a party to the contractual provisions of the instrument. The Company initially recognizes trade and other receivables on the date of transaction.

At initial recognition, the Company measures a financial asset at its fair values plus, in the case of financial asset not measured at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction cost of a financial asset measured at fair value through profit or loss is recognized as profit or loss.

(b) Classification of non-derivative financial assets

Classification and measurement model of non-derivative financial assets are summarized as follows. The Company classifies financial assets at initial recognition as financial assets measured at amortized cost, debt instruments measured at fair value through other comprehensive income, equity instruments measured at fair value through other comprehensive income or financial assets measured at fair value through profit or loss.

(i) Financial assets measured at amortized cost

A financial asset that meets both the following condition is classified as a financial asset measured at amortized cost.

- The financial asset is held within the Company's business model whose objective is to hold assets in order to collect contractual cash flows.
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset measured at amortized cost is initially recognized at fair value plus transaction cost directly attributable to the asset. After initial recognition, carrying amount of the financial asset measured at amortized cost is determined using effective interest method, net of impairment loss, if necessary.

MINDTECK SOFTWARE MALAYSIA SDN. BHD.
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2020

4. SIGNIFICANT ACCOUNTING POLICIES – CONT'D

(l) Financial instruments – Cont'd

(i) Financial assets – Cont'd

(b) Classification of non-derivative financial assets – Cont'd

(ii) Debt instruments measured at fair value through other comprehensive income

A debt instrument that meets both the following condition is classified as a financial asset measured at fair value through other comprehensive income.

- The financial asset is held within the Company's business model whose objective is achieved by both collecting contractual cash flows and selling financial assets.
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt instrument measured at fair value through other comprehensive income is recognized initially at fair value plus transaction cost directly attributable to the asset. After initial recognition, the asset is measured at fair value with changes in fair value included as "financial asset at fair value through other comprehensive income" in other comprehensive income. Accumulated gains or losses recognized through other comprehensive income are directly transferred to profit or loss when debt instrument is derecognized.

(iii) Equity instruments measured at fair value through other comprehensive income

The Company makes an irrevocable election to recognized changes in fair value of investments in equity instrument through other comprehensive income, not through profit or loss. A gain or loss from fair value changes will be shown in other comprehensive income and will not be reclassified subsequently to profit or loss.

MINDTECK SOFTWARE MALAYSIA SDN. BHD.
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2020

4. SIGNIFICANT ACCOUNTING POLICIES – CONT'D

(l) Financial instruments – Cont'd

(i) Financial assets – Cont'd

(b) Classification of non-derivative financial assets – Cont'd

(iii) Equity instruments measured at fair value through other comprehensive income – Cont'd

An equity instrument measured at fair value through other comprehensive income is recognized initially at fair value plus transaction cost directly attributable to the asset. After initial recognition, the asset is measured at fair value with changes in fair value included as “financial asset at fair value through other comprehensive income” in other comprehensive income. Accumulated gains or losses recognized through other comprehensive income are directly transferred to retained earnings when equity instrument is derecognized or its fair value substantially decreased.

Dividends are recognized as “finance income” in profit or loss.

(iv) Financial assets measured at fair value through profit or loss

When any of the above-mentioned conditions for classification of financial assets is not met, a financial asset is classified as “at fair value through profit or loss” and measured at fair value with changes in fair value recognized in profit or loss.

A financial asset measured at fair value through profit or loss is recognized initially at fair value and its transaction cost is recognized in profit or loss when incurred. A gain or loss on a financial asset measured at fair value through profit or loss is recognized in profit or loss, and presented in “finance income” or “finance cost” in the statement of income for reporting period in which it arises.

(c) Derecognition of financial assets

The Company derecognizes its financial asset if the contractual rights to the cash flow from the investment expire, or the Company transfers substantially all the risks and rewards of ownership of the financial asset. Any interests in transferred financial assets that are created or continuously retained by the Company are recognized as a separate asset or liability.

MINDTECK SOFTWARE MALAYSIA SDN. BHD.
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2020

4. SIGNIFICANT ACCOUNTING POLICIES – CONT'D

(I) Financial instruments – Cont'd

(ii) Non-derivative financial liabilities

(a) Recognition and measurement of financial liabilities

The Company recognizes financial debt when the Company becomes a party to the contractual provisions of the instruments. The measurement of financial debt is explained in (b) Classification of financial liabilities.

(b) Classification of financial liabilities

(i) Financial liabilities measured at amortized cost

A financial liability other than those measured at fair value through profit or loss is classified as a financial liability measured at amortized cost. A financial liability at amortized cost is initially measured at fair value less transaction cost directly attributable to the issuance of the financial liability. After initial recognition, the financial liability is measured at amortized cost based on the effective interest rate method.

(ii) Financial liabilities measured at fair value through profit or loss

A financial liability measured at fair value through profit or loss is initially measured at fair value. After initial recognition, the financial liability is measured at fair value with subsequent changes recognized as profit or loss.

(c) Derecognition of financial liabilities

The Company derecognizes a financial liability when the financial liability is distinguished, i.e. when the contractual obligation is discharged or cancelled or expired.

(d) Preference shares

Preference shares are classified as equity or financial liabilities based on the contractual arrangements, not on their legal forms. Preference shares mandatorily redeemable on a particular date are classified as financial liabilities. Preference shares classified as liabilities are measured at amortized cost in the statement of financial position and the dividends on these preference shares are recognized as interest expense and presented as financial cost in the statement of income.

MINDTECK SOFTWARE MALAYSIA SDN. BHD.
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2020

4. SIGNIFICANT ACCOUNTING POLICIES – CONT'D

(l) Financial instruments – Cont'd

(iii) Presentation of financial assets and liabilities

Financial assets and liabilities are offset and the net amount is presented in the statement of financial position only when the Company currently has a legally enforceable right to set off the recognized amounts and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

5. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

Estimates and judgments are continually evaluated by the Directors and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The estimates and assumptions that affect the application of the Company's accounting policies and have a significant risk of causing a material adjustment to the carrying amounts of assets, liabilities, income and expenses are outlined below:-

(i) Depreciation of plant and equipment

The cost of plant and equipment is depreciated on the straight-line basis over the assets' useful lives. The management estimates the range of useful lives of these plant and equipment to be 2 to 5 years. However, any changes in the expected level of usage and technological developments could impact the economic useful lives and the residual values of these assets. Therefore, future depreciation charges could be revised.

(ii) Impairment of receivables

The Company makes impairment of receivables based on an assessment of the recoverability of the receivables. Impairment is applied to receivables where events or changes in circumstances indicate that the carrying amounts may not be recoverable. The management specifically analyses historical bad debt, customer concentration, customer creditworthiness, current economic trends and changes in customer payment terms when making a judgment to evaluate the adequacy of impairment of receivables. Where expectations differ from the original estimates, the differences will impact the carrying value of receivables.

MINDTECK SOFTWARE MALAYSIA SDN. BHD.
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2020

5. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS – CONT'D

(iii) Income taxes

There are certain transactions and calculations for which the ultimate tax determination may be different from the initial estimate. Tax liabilities are recognised based on the Company's understanding of the prevailing tax laws and estimates of whether such taxes will be due in the ordinary course of business.

Where the final outcome is different from the amounts that were initially recognised, such difference will impact the income tax and deferred tax provisions in the period in which such determination may be different from the initial estimate.

6. CHANGES OF ACCOUNTING POLICIES UPON ADOPTION OF MFRS 16

During the year, the Company adopted MFRS 16.

(i) Definition of a lease

On transition to MFRS 16, the Company elected to apply the practical expedient to grandfather the assessment of which transactions are leases. It applied MFRS 16 only to contracts that were previously identified as leases. Contracts that were not identified as leases under MFRS 117 and IC Interpretation 4, Determining whether an Arrangement contains a Lease were not reassessed. Therefore, the definition of a lease under MFRS 16 has been applied only to contracts entered into or changed on or after 1 April 2019.

(ii) As a lessee

At 1 April 2019, for leases that were classified as operating lease under MFRS 117, lease liabilities were measured at the present value of the remaining lease payments, discounted at the Company's incremental borrowing rate as at 1 April 2019. The rate applied is 8.50%. Right-of-use assets are measured at either:-

- their carrying amount as if MFRS 16 had been applied since the commencement date, discounted using the lessee's incremental borrowing rate at 1 April 2019; or
- an amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments.

MINDTECK SOFTWARE MALAYSIA SDN. BHD.
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2020

6. CHANGES OF ACCOUNTING POLICIES UPON ADOPTION OF MFRS 16 – CONT'D

(ii) As a lessee – Cont'd

The Company used the following practical expedients when applying MFRS 16 to leases previously classified as operating lease under MFRS 117:-

- applied a single discount rate to a portfolio of leases with similar characteristics;
- applied the exemption not to recognise right-of-use assets and liabilities for leases with less than 12 months of lease term as at 1 April 2019;
- excluded initial direct costs from measuring the right-of-use asset at the date of initial application;
- used hindsight when determining the lease term if the contract contains options to extend or terminate the lease; and

For leases that were classified as finance lease under MFRS 117, the carrying amounts of the right-of-use asset and the lease liability at 1 April 2019 are determined to be the same as the carrying amount of the leased asset and lease liability under MFRS 117 immediately before that date.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2020

9. RIGHT-OF-USE ASSETS – CONT'D

(i) Extension option

Lease of office building contains extension option exercisable by the Company up to two years before the end of the non-cancellable contract period. Where practicable, the Company seek to include extension option in new lease to provide operational flexibility. The extension option held is exercisable only by the Company and not by the lessor. The Company assess at lease commencement whether it is reasonably certain to exercise the extension option. The Company reassess whether it is reasonably certain to exercise the option if there is a significant event or significant change in circumstances within its control.

(ii) Significant judgement and assumptions in relation to leases

The Company assess at lease commencement by applying significant judgement whether it is reasonably certain to exercise the extension option. The Company consider all facts and circumstances including their past practice and any cost that will be incurred to change the asset if an option to extend is not taken, to help them determine the lease term.

The Company also applied judgement and assumptions in determining the incremental borrowing rate of the respective leases. The Company first determine the closest available borrowing rates before using significant judgement to determine the adjustments required to reflect the term, security, value or economic environment of the respective leases.

10. TRADE AND OTHER RECEIVABLES

	2020	2019
	RM	RM
Trade receivables	3,993,571	7,039,250
Less: Impairment loss	(794,376)	(820,867)

	2020	2019
	RM	RM
Professional fees paid to a company which certain Directors have interests	<u>12,708</u>	<u>9,032</u>

25. FINANCIAL INSTRUMENTS

(a) Financial risk management objectives and policies

The Company's financial risk management policy seeks to ensure that adequate financial resources are available for the development of the Company's business whilst managing its risks. The Company operates within clearly defined guidelines that are approved by the Board and the Company's policy is not to engage in speculative transactions.

The main areas of financial risks faced by the Company and the policy in respect of the major areas of treasury activity are set out as follows:-

(i) Foreign currency risk

The Company is exposed to foreign currency risk as a result of its normal trading activities, where the currency denomination differs from the local currency, Ringgit Malaysia (RM). The Company's policy is to minimise the exposure to transaction risk by matching foreign currency income against foreign currency costs.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2020

25. FINANCIAL INSTRUMENTS – CONT'D

(a) Financial risk management objectives and policies – Cont'd

(i) Foreign currency risk – Cont'd

The net unhedged financial assets and financial liabilities of the Company that are denominated in foreign currencies are as follows:

	2020 RM	2019 RM
<u>Amount due from a related company</u>		
SGD	-	69,661
<u>Amount due from holding company</u>		
USD	-	7,887
<u>Amount due to a related company</u>		
SGD	75,771	1,326,975
<u>Amount due to holding company</u>		
USD	23,459	655,012

(ii) Credit risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. Trade receivables are typically unsecured and are derived from revenue earned from customers primarily located in Malaysia. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

(iii) Liquidity risk

The Company seeks to achieve a balance between certainty of funding and a flexible, cost-effective borrowing structure. This is to ensure that at the minimum, all projected net borrowing needs are covered by committed facilities. Also, the objective for debt maturity is to ensure that the amount of debt maturing in any one year is not beyond the Company's means to repay and refinance.

(iv) Interest rate risk

The Company's income and operating cash flows are substantially independent of the changes in market interest rates.

(v) Market risk

The Company does not have any quoted investments and hence is not exposed to market risk.

MINDTECK SOFTWARE MALAYSIA SDN. BHD.
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2020

25. FINANCIAL INSTRUMENTS – CONT'D

(b) Fair value of financial instruments

Fair value is defined as the amount at which the financial instruments can be exchanged between knowledgeable willing parties in an arm's length transaction other than in a forced sale or liquidation.

The following methods and assumptions are used to estimate the fair value of each class of financial assets and financial liabilities of the Company:-

(i) Cash and bank balances

The carrying amount of cash and bank balances approximate fair value due to the relatively short term maturity of these instruments.

(ii) Receivables and payables

The carrying amounts of receivables and payables are reasonable estimates of fair value because of their short maturity periods.

(c) Credit quality of financial assets

	2020 RM	2019 RM
<u>Financial assets :</u>		
- Trade and other receivables	3,452,099	6,452,559
- Amount due from a related company	50,470	69,661
- Amount due from holding company	8,632	7,887
- Cash in hand and at banks	1,504,285	91,349
	<u>5,015,486</u>	<u>6,621,456</u>
<u>Financial liabilities :</u>		
- Other payables	941,468	998,383
- Amount due to a related company	75,771	1,326,975
- Amount due to holding company	23,459	655,012

	<u>3,258,297</u>	<u>6,295,931</u>
<u>Cash at banks</u>		
- AAA	<u>1,501,719</u>	<u>84,367</u>

(e) Capital management

The primary objective of the Company's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximise shareholders value.

The Company manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust capital structure, the Company may adjust the dividend payment to shareholders or issue new shares, where necessary.

The Company's approach in managing capital is based on defined guidelines that are approved by the Board. No changes were made in the objectives, policies or processes during the financial year.

The Company is not subject to any externally imposed capital requirements.

The Company monitors capital by reference to its indebtedness position, which is derived from the total financial debts divided by the total equity plus total financial debts. The Company's strategy is to maintain the balance between debt and equity and to ensure sufficient operating cash flows to repay its liabilities as and when they fall due.
