Reliance Jio acknowledges systems breach in police complaint

REUTERS

MUMBAI, July 12

INDIA'S RELIANCE JIO Info-comm, which is looking into reports of a major leak of user data, has filed a police complaint alleging "unlawful access to its systems," a police officer involved in the investigation said on Wednesday.

The complaint is the telecom company's first official acknowledgement of a systems breach. Jio has so far denied media reports and user accounts of a leak.

The officer involved in the investigation said Jio filed the complaint on Monday in Navi Mumbai, where it is headquartered. Jio, part of conglomerate Reliance Industries Ltd, did not respond to a Reuters request for comment on Wednesday.

Several local news sites reported late on Sunday that names, telephone numbers and email addresses of Jio users were visible on

a site called 'Magicapk', which was subsequently taken down.

Jio, headed by India's richest man Mukesh Ambani, rubbished the website's claims and said its subscriber data was safe and maintained with the highest security. It said that data on the 'Magicapk' website appeared to be "unauthentic."

Many local news outlets such as Indian Express and MediaNama however, contradicted these claims. They reported being able to cross reference and confirm the veracity of the data on numerous Jio customers known to them. Experts say India has inadequate data protection laws that do not mandate companies

or agencies to notify clients if their personal data has been breached. Advocates for stronger data protection laws say this results in data leaks often going unreported.

"There is a clear stigma attached to being hacked, or data being stolen," said Akash Mahajan, a web security consultant in Bengaluru, adding this is why compa-

nies in India often do not admit to data breaches.

On Tuesday, Reuters reported that police in the western state of Rajasthan detained a man on suspicion of involvement in the breach, which cyber security analysts say could be the first large-scale leak from an Indian telecoms firm.

The officer involved in the matter declined to give further detail on the investigation, but said preliminary evidence indicated the widely-used "Aadhaar" numbers of Jio customers were not compromised in the leak. Jio, which launched last Sep-

tember, already boasts over 100 million subscribers after drawing in users with months of free service and now cut-price deals. It is not clear whether data on all 100 million plus customers was compromised.

Many users registered for Jio using their 12-digit Unique Identification Authority of India (UIDAI) number, commonly

known as the Aadhaar number.

The government is pushing for Aadhaar numbers to be used in everything from opening a bank account to filing tax returns. The number, which works in a similar way to U.S. Social Security numbers, is unique to each Indian citizen and stores users' biometric data in a centralized database.

Wipro shuts down lighting manufacturing unit at Mysuru

PRESS TRUST OF INDIA
Bengaluru, July 12

WIPRO CONSUMER CARE and Lighting said it has shut down its lighting manufacturing unit at Mysuru due to a sharp decline in the demand for CFL products and increasing preference for LED products.

"As required, we notified the government and relevant authorities of the decision to shut down the plant two months ago and have complied with all regulatory requirements," the company said in a statement.

All 84 workmen were offered a voluntary retirement scheme by the company earlier this year.

Wipro Consumer Care and Lighting said the changing market and technology landscape in the lighting business marked by a sharp decline in the demand for CFL products and increasing preference for LED products over the past two years has rendered continued operations of the Mysuru manufacturing unit "commercially unviable".

Stating that over the past two years, reduced demand saw production at the facility drop sharply, it said the company has evaluated all possible options and kept the plant operational of over a year at low production levels that are economically unviable.

Walmart to invest ₹900 cr to open 15 outlets in Maharashtra

PRESS TRUST OF INDIA
Mumbai, July 12

AMERICAN RETAIL CHAIN Walmart will invest ₹900 crore to open 15 outlets catering to wholesalers in Maharashtra, the state government said today. "Walmart will open 15 additional modern wholesale cash and carry stores in the coming years by investing ₹900 crore," an official statement from the chief minister's office said here.

These stores will generate 30,000 direct and indirect jobs in the western state, it added. The state's industries department signed a memorandum of understanding (MoU) with officials from Walmart in the presence of chief minister Devendra Fadnis earlier on Wednesday with regard to the network expansion.

The American retail giant has two stores at present in Maharashtra - in Aurangabad and Amravati.

Chief minister's additional chief secretary Pravinsingh Pardeshi, Additional Chief Secretary (Industries) Sunil Porawale, Development Commissioner Harshid Kamble and Walmart's India head Krish MoYer were also present at the MoU signing ceremony, it said.

At present, Indian laws do not permit full foreign direct investment in single brand retail due to which many of the global brands are operating in the cash and carry format which serves only wholesalers.

Walmart India currently owns and operates 21 best price modern wholesale membership clubs across nine states, offering nearly 5,000 items. The company plans to open 49 more such outlets by 2020, it had earlier said.

Capital Protection Oriented Fund disclaimer: The Scheme offered is "oriented towards protection of capital" and "not with guaranteed returns". The orientation towards protection of the capital originates from the portfolio structure of the scheme and not from any bank guarantee, insurance cover etc. The ability of the portfolio to meet capital protection on maturity to the investors can be impacted in certain circumstances including changes in government policies, interest rate movements in the market, credit defaults by bonds, expenses, reinvestment risk and risk associated with trading volumes, liquidity and settlement systems in equity and debt markets. Accordingly, investors may lose part or all of their investment (including original amount invested) in the Scheme. No guarantee or assurance, express or implied, is given that investors will receive the capital protected value at maturity or any other returns. Investors in the Scheme are not being offered any guaranteed/assured returns.

BSE Disclaimer: It is to be distinctly understood that the permission given by BSE should not in any way be deemed or construed that the Scheme Information Document (SID) has been cleared or approved by BSE nor does it certify the correctness or completeness of any of the contents of the SID. The investors are advised to refer to the SID for the full text of the Disclaimer clause of the BSE.

Mutual Fund investments are subject to market risks, read all scheme related documents carefully.
