Dear Sir,

Subject: Intimation of Board Meeting under Regulation 29 of SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015 and Intimation of Trading Window Closure under SEBI (Prohibition of Insider Trading) Regulation, 2015

Notice is hereby given pursuant to Regulation 29 of SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015, that the 201st meeting of Board of Directors of the Company is scheduled to be held on Wednesday, August 10, 2016, inter alia, to consider, approve and take on record the Unaudited Financial Results of the Company for the quarter ended June 30, 2016.

Further, the Trading Window of the Company will be closed from July 26, 2016 to August 12, 2016 (both days inclusive) as per SEBI (Prohibition of Insider Trading) Regulation, 2015.

Please take the above intimation on record and acknowledge.

Thanking you,

Yours Truly,

For Mindteck (India) Limited

L&T to sell 15% stake in L&T Technology Services via IPO

Mumbai, July 15: Close on the heels of the successful ₹1,243-crore L&T Infotech IPO, diversified group L&T's technology services unit has filed draft prospectus with Sebi for a public offer to raise an estimated ₹1,000 crore.

Larsen & Toubro would sell up to 15 per cent stake in L&T Technology Services through the proposed IPO.

The offer would comprise an offer for sale of up to 1.04 crore equity shares of face value of ₹2 each by L&T.

According to sources, the share sale at a premium, to be decided later, could amount to around Rs 1,000 crore. In a filing to BSE today L&T said: "The Board of Directors of the company has decided to participate in the offer for sale of equity shares by way of initial public offering by L&T Technology Services Limited."

L&T proposes to sell up to 15% of equity shares held in the company through IPO, it added, but did not give any further details on pricing and size of the issue.

L&T Technology Services, which provides innov-

ative engineering as well as research and development services across sectors, has revenues worth nearly \$500 million.

It also offers engineering analytics, Internet of Things and automation so-

lutions.

Besides parent Larsen & Toubro, L&T Finance Holdings is also listed while L&T Infotech's IPO closed with nearly 12 times oversubscription on Wednesday.

		The framework which will generally be applied by the Fund Manager while evaluating the investment decision with respect to securitised debt will be as follows: <table><tr><th>Characteristics/ Type of Pool</th><th>Mortgage Loan</th><th>Commercial Vehicle and Construction Equipment</th><th>Car</th><th>2 wheelers</th><th>Micro Finance Pools</th><th>Personal Loans</th><th>Single loan Sell Downs</th><th>Others</th></tr><tr><td>Approximate Average maturity (in Months)</td><td>3 months to 120 months</td><td>3 months to 60 months</td><td>3 months to 60 months</td><td>3 months to 36 months</td><td>1 month to 12 months</td><td>3 months to 12 months</td><td>1 month to 120 months</td><td rowspan="5">As and when new asset classes of securitised debt are introduced, the investments in such instruments will be evaluated on a case by case basis.</td></tr><tr><td>Collateral margin (including cash, guarantees, excess interest spread, subordinate tranche)</td><td>In excess of 3%</td><td>In excess of 5%</td><td>In excess of 5%</td><td>In excess of 5%</td><td>In excess of 10%</td><td>In excess of 10%</td><td>Case by case basis</td></tr><tr><td>Average Loan to Value Ratio</td><td>95% or lower</td><td>90% or lower</td><td>90% or lower</td><td>90% or lower</td><td>Unsecured</td><td>Unsecured</td><td>Case by case basis</td></tr><tr><td>Maximum single exposure range *</td><td>< 2.5%</td><td>< 1%</td><td>< 1%</td><td>< 1%</td><td><0.5%</td><td><0.5%</td><td>Not Applicable</td></tr><tr><td>Average single exposure range % *</td><td>< 1%</td><td>< 0.5%</td><td>< 0.5%</td><td>< 0.5%</td><td>< 0.25%</td><td>< 0.25%</td><td>Not Applicable</td></tr></table> * denotes % of a single ticket / loan size to the overall assets in the securitised pool. Note: The information illustrated in the table above is based on current scenario relating to securitised debt market and is subject to change depending upon the change in the related factors. In addition to the framework stated in the table above, in order to mitigate the risks associated with the underlying assets where the diversification is less, at the time of investment the credit team could consider various factors including but not limited to- - Size of the loan - the size of each loan is generally analysed on a sample basis and an analysis of the static pool of the originator is undertaken to ensure that the same matches with the static pool characteristics. It also indicates whether there is high reliance on very small ticket size borrower which could result in delayed and expensive recoveries. - Average original maturity of the pool of underlying assets - the analysis of average maturity of the pool is undertaken to evaluate whether the tenor of the loans are generally in line with the average loans in the respective industry and repayment capacity of the borrower. - Loan to value ratio, average seasoning of the pool of underlying assets - these parameters would be evaluated based on the asset class as mentioned in the table above. - Default rate distribution - the credit team generally ensures that all the contracts in the pool are current to ensure zero default rate distribution. - Geographical distribution - the analysis of geographical distribution of the pool is undertaken to ensure prevention of concentration risk. - Credit enhancement facility - credit enhancement facilities in the form of cash collateral, such as fixed deposits, bank guarantee etc could be obtained as a risk mitigation measure. - Liquid facility - these parameters will be evaluated based on the asset class as mentioned in the table above. - Structure of the pool of underlying assets - The structure of the pool of underlying assets would be either single asset class or combination of various asset classes as mentioned in the table above. We could add new asset class depending upon the securitisation structure and changes in market acceptability of asset classes. The minimum retention period of the debt by the originator prior to securitisation and the minimum retention percentage by originator of debts to be securitised shall be as specified in the RBI guidelines. There is a dedicated credit research function which supports the Fund Manager in taking investments decisions. Investments by the Scheme in any security are done after detailed analysis by the credit research team and in accordance with the investment objectives and the asset allocation pattern of a scheme. All investments are made on an arm's length basis without consideration of any investments (existing / potential) in the schemes made by any party related / involved in the transaction. The robust credit process ensures that there is no conflict of interests when a scheme invests in securitised debt of an originator and the originator in turn makes investments in that particular scheme. The resources for and mechanisms of individual risk assessment with the AMC for monitoring investment in securitized debt are as follows: - Team dedicated to credit analysis - Currently, the AMC has credit analysts, who are responsible for credit research and monitoring, for all exposures including securitized debt. - Ratings are monitored for any movement - Based on the cash flow report and analyst view, periodic review of utilization of credit enhancement shall be conducted and ratings shall be monitored accordingly - For legal and technical assistance with regard to the documentation of securitized debt instruments, the team can make use of resources within the internal legal team and if required take help of our external legal counsel as well. Where will the Scheme invest	The Scheme will invest the entire corpus in debt and money market securities. There will be no investment in equity and equity related products. The Scheme may also invest in permitted offshore instruments for diversification in accordance with the requirements stipulated by SEBI/RBI from time to time. The Scheme may also invest in derivatives for the purpose of hedging and portfolio balancing purposes. For details and limits applicable to investment in derivatives please refer paragraph "Investments in Derivatives". Subject to regulations and prevailing laws as applicable, the portfolio will consist of permissible domestic or international fixed income instruments, most suitable to meet the investment objectives. The instruments listed below could be listed, unlisted, privately placed, secured, unsecured, rated or unrated acquired through primary or secondary market through stock exchanges, over the counter or any other dealing mechanisms. The following investment categories are likely to cover most of the available investment universe. The investments could be coupon bearing (fixed or floating), zero coupon discounted instruments, instruments with put and/or call options or any other type. Weights in the portfolio may not have any correlation to the order of listing. - Securities issued or guaranteed by Central Government, State Governments or local governments and/or repos/reverse repos/ ready forward contracts in such government securities as are or may be permitted under the Regulations and RBI from time to time (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills). - Securities issued (including debt obligations) by domestic government agencies and statutory bodies, which may or may not be guaranteed by Central or State Government. - Corporate bonds of public sector or private sector undertakings. - Debt obligation of banks (public or private sector) and financial institutions. - Convertible debentures. (Though the Scheme will not invest in equity and equity related products, it may have some exposure to equity or equity related instruments to the extent of conversion of the convertible debentures into equity or equity related instruments.) - Money market instruments (which includes but is not limited to commercial papers, commercial bills, treasury bills, usance bills, government securities having unexpired maturity upto one year, certificates of deposit, bills rediscounting, CBL, repo, call money and any other like instruments as are or may be permitted under the Regulations and RBI from time to time.) - Deposits of scheduled commercial banks as permitted under the extant Regulations. - Securitized debt (asset backed securities, mortgage backed securities, pass through certificates, collateralised debt obligations or any other instruments as may be prevailing and permissible under the Regulations from time to time). - Derivatives (which includes but is not limited to interest rate derivatives, currency derivatives, credit derivatives and forward rate agreements or such other derivatives as are or may be permitted under the Regulations and RBI from time to time). - Any international fixed income securities as are or may be permitted under the Regulations, RBI and other applicable law from time to time. - Overseas mutual fund units which are permissible under the regulations or by any other regulatory body. - Any other domestic or international instrument as may be permitted under the Regulations or any other regulatory body from time to time. For the purpose of further diversification and liquidity, the Scheme may invest in other schemes managed by the same AMC or by the asset management company of any other mutual fund without charging any fees on such investments, provided that aggregate inter-scheme investment made in all schemes managed by the same AMC or in schemes managed by the AMC of any other mutual fund shall not exceed 5% of the net asset value of the Mutual Fund. For applicable regulatory investment limits please refer paragraph "Investment Restrictions". All investments in the Scheme shall be made in accordance with the regulations and guidelines issued by SEBI/RBI/any other regulatory authority.	The Scheme will invest primarily in debt and money market securities that are issued by banks, public sector undertakings and public financial institutions. Subject to the asset allocation pattern, the Scheme may also invest in the following securities/instruments. - Sovereign securities issued by the Government of India and / or a state government and / or any security unconditionally guaranteed by the central Government and / or State government for repayment of Principal and Interest including State Development Loans (SDLs), public financial institutions and other statutory bodies including Treasury bills, Special State Government Bonds like UDAY Bonds and Bank bonds for e.g. infrastructure bonds, Tier II capital bonds, Tier I capital bonds. - Money market instruments (which includes but is not limited to commercial papers, commercial bills, treasury bills, usance bills, government securities having unexpired maturity upto one year, certificates of deposit, bills rediscounting, CBL, repo, call money and any other like instruments as are or may be permitted under the Regulations and RBI from time to time.) - Corporate bonds of public sector or private sector undertakings. - Debt obligation of banks (public or private sector) and financial institutions. - Fixed Income Derivative instruments like Exchange Traded Interest Rate Futures, Interest Rate Swaps, Forward Rate Agreements and such other derivative instruments as permitted by SEBI/RBI. - Securitized debt (asset backed securities, mortgage backed securities, pass through certificates, collateralized debt obligations or any other instruments as may be prevailing and permissible under the Regulations from time to time). For the purpose of further diversification and liquidity, the Scheme may invest in other schemes managed by the same AMC or by the asset management company of any other mutual fund without charging any fees on such investments, provided that aggregate inter-scheme investment made in all schemes managed by the same AMC or in schemes managed by the AMC of any other mutual fund shall not exceed 5% of the net asset value of the Mutual Fund. The Scheme may also invest in Foreign Securities in accordance with the requirements stipulated by SEBI and / or RBI from time to time. For applicable regulatory investment limits, please refer the paragraph "Investment Restrictions" in the Scheme Information Document. All investments in the Scheme shall be made in accordance with the regulations and guidelines issued by SEBI/RBI/any other regulatory authority. For details on investments in derivatives, please refer the paragraph "Investments in Derivatives" in the Scheme Information Document.																																																		
Benchmark	The benchmark against which the performance of the scheme will be measured will be Crisil Liquid Fund Index. The Scheme invests primarily in money market and short term debt securities and therefore the CRISIL Liquid Fund Index is an appropriate choice of benchmark for the Scheme	The benchmark against which the performance of the scheme will be measured will be CRISIL Short Term Bond Fund Index. CRISIL Short-Term Bond Fund Index is an index to track the return of short-term funds. The index tracks returns on a composite portfolio that includes call instruments, commercial paper, government securities as also AAA/AA rated corporate debt instruments. Given the asset allocation pattern and the investment strategy of the scheme, the CRISIL Short Term Bond Fund Index is most suited for comparing performance of this Scheme. The Board of AMC and Trustee Company will review the performance of the Scheme in comparison to the benchmark. The Trustees reserve the right to change the benchmark for evaluation of performance of the Scheme from time to time in conformity with the investment objectives and appropriateness of the benchmark subject to SEBI Regulations, and other prevailing guidelines, as amended from time to time.																																																		

All reference to L&TLDF will be replaced with L&TBPDF in the SID and KIM.

The number of folios under and assets under management of L&TLDF as on June 30, 2016 are 711 and ₹ 23.44crores respectively.

Necessary amendments will be carried out to the Scheme Information Document and Key Information Memorandum (to the extent applicable) of the Scheme to reflect the changes stated above. All the other provisions contained in the Scheme Information Document and Key Information Memorandum of the Scheme will remain unchanged.

In terms of the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 ("SEBI Regulations"), the changes proposed to be carried out are considered as changes in the fundamental attributes of the Scheme. In accordance with the requirements of Regulation 18 (15A) of the SEBI Regulations, this notice serves as a written communication to the unit holders of the Scheme, informing them about the proposed changes and providing them an option to switch-out/redeem the units held by them in the Scheme at the prevailing NAV within a period of 30 days without any exit load if the unit holders do not approve of the proposed changes.

The exit option as aforesaid can be exercised by submitting switch-out/redemption request from July 21, 2016 to August 19, 2016 (both days inclusive) to any of the investor service centres of L&T Mutual Fund ("the Fund") latest by the applicable cut-off time as stated in the Scheme Information Document. The redemption warrant/cheque will be mailed / redemption proceeds will be credited within 10 working days from the date of receipt of the redemption request. The offer to exit is merely an option and is not compulsory.

If the unit holders have no objection to the proposed change, no action needs to be taken by them. Please note that if the unit holders do not exercise the exit option on or before August 19, 2016, or if we do not receive the request for switch-out/redemption on or before August 19, 2016, by 3.00 pm, they would be deemed to have consented to the proposed changes.

Unit holders have also been informed by individual communication of the details of the proposed changes.

However, in case a lien is marked on the units of the Schemes or the units have been frozen/locked pursuant to an order of a governmental authority or a court, unit holders will be able to switch-out/redeem their units only after the lien/order is vacated/revoked and the switch-out/redemption request has been submitted within the period specified above.

In case you require any further information/assistance please call the investor line of the AMC at 1800 2000 400 or 1800 4190 200 or visit the nearest Investor Service Centre of the Fund.
